

# Windows Terminal - wt.exe - “Process exited with code 0 (0x00000000)”

written by js | 2023-07-03

## Problem

Sve je OK, ali ti je konfigurirano tako da terminal ostane otvoren kad se sve zatvori.

## Rješenje

v."closeOnExit": "always" u konfiguracijskoj datoteci "settings.json" za wt.exe:

```
{
  "profiles": {
    "defaults": {
      "closeOnExit": "always"
    },
    "list": [
      // all your profiles go here
    ]
  }
}
```
