

Linux: mount NTFS USB

written by js | 2021-11-06

Kako na Linuxu montirati USB formatiran u NTFS

- `sudo apt update -y`
- `sudo apt install ntfs-3g -y`
- `sudo fdisk --list | grep NTFS`
 - recimo da se NTFS USB pojavio kao disk `/dev/sdd1`
- `sudo mkdir /media/usb505sac`
- `sudo mount -t ntfs-3g /dev/sdd1 /media/usb505sac/`
