

# Ubuntu - Formatiranje USB diska na NTFS format

written by js | 2021-11-10

- `sudo apt-get install ntfs-3g`
- `lsblk -f`
- `umount /dev/sdb`
- `sudo mkntfs --quick --verbose --label LosDrajvos /dev/sdc1`
- Pričekaj poruku: "mkntfs completed successfully. Have a nice day."

...

---

`mount umount usb format xusb xformat ntfs xntfx xmount xumount`
