

Crontabe, prestani slati mail svaki puta kad pokreneš nešto

written by js | 2021-11-19

Crontabu, prestani spamati..

..pa i poruke o pogreškama:

```
1 2 * * * /home/korisnik/nestonesto.sh >/dev/null 2>&1
```

Prestani slati normalne poruke..

..ali nastavi slati nenormalne, tj. pogreške na email vlasnika Crontaba:

```
1 2 * * * /home/korisnik/nestonesto.sh >/dev/null
```
